A NOTE · BETWEEN GAMES

Hello, player.

You just played a point, or you are about to. Either way — pull up a chair. This is the quick stop between games: a proper coffee, something hot off the counter, and two minutes to catch your breath.

This little book is not a long read. It is the express cousin of our café at Nallagandla — **Alley Pally** — squeezed down to what you actually want court-side: good coffee, loaded bites, wood-fired pizza, and a cold one for after the match.

Order at the counter, or scan the QR at your table. If a dish is not right, hand it back — we will remake it, and it will not reach your bill. Only, please, **let's never waste food.**

— with warmth, the team at Mini Alley Pally

OUR STORY · WHY WE'RE HERE

Not a café.
A pit stop.

Pickleball is the easiest sport in the world to start and the hardest to stop. Somewhere between the third and fourth game, you get hungry. That is where we come in.

Mini Alley Pally is small on purpose — a tight counter doing a few things properly. Real beans, no powder. A wood-fired oven for pizza after 5. Loaded fries, maggi, shakes and rice bowls that travel the ten steps back to your court while they're still hot.

And next door, **the Nail Studio** — quick glam between games. Play, eat, shine, all behind the same gate.

The name. Alley Pally — a green, unhurried path where everyone is a little pally. Mini — the same spirit, court-side, at express speed.

HOW IT WORKS

Ordering, & a word on tips.

To order, two ways. Step up to the counter and we'll sort you out. Or — even quicker — scan the QR at your table and order from your seat. It saves you the wait between games.

Wood-fired pizza runs from 5 PM, when the fire is hot — before that the oven is off, so pizza starts at five.

On tips. Anything you leave for the team goes straight to them — never to us, not a rupee. And the biggest tip you can give us? An honest Google review. That one keeps us going.

BEFORE WE GO ANY FURTHER

A few small kindnesses.

If it's not right — don't love a dish? We'll remake it, free and on us. Just tell us honestly, so we can fix it.

Please don't waste food — order what you'll finish; we're always glad to pack the rest for you.

Allergies — tell us before you order. The kitchen is a shared space, so we'd rather be honest about what we can promise.

On court — drinks travel; the wood-fired pizza is worth eating at the table. We'll tell you what's best to carry.

Pets — we loveee them. And the pup cup is entirely on us — they ran about too.

Outside food — kindly leave it outside. This space is fully ours, and now yours too.

Your bill — every price in this book is final. GST is included; nothing extra at the counter.

BEFORE YOU ORDER

How to read this.

Veg	*Pure vegetarian.*
Egg	*Contains egg.*
Non-veg	*Chicken.*
NEW	*Fresh on the menu — tell us what you think.*

We keep off white sugar wherever we can. We serve veg, egg and non-veg — the dot tells you which. Tell us about allergies before you order.

Milo, all grown up. The childhood classic — cold, thick and proper. Look for the badge.

FROM THE FIRE

Why wood-fired.

We cook pizza on real wood, in a proper fire. It isn't for show — it makes a better pizza, and a lighter one. The fire runs hot (around 400°C) and bakes a pizza in about ninety seconds.

That quick, hot bake gives you a thin, crisp crust that stays light instead of soaking up oil, toppings that stay fresh, and a base that sits easy — the kind of thing you can eat and still play a game after. Less oil, more flavour. Just flour, fire and time.

Two flavours in one? Order any pizza **half & half** — pick two, we'll split it down the middle.

The fire is lit at four; the first pizza leaves at five.

A SMALL FAVOUR · BEFORE YOU GO

Say a kind word.

If the coffee was right, the game was good, and you leave a little lighter than you came — would you tell the next person? An honest word on Google is the only way the players who haven't found us yet ever will.

It takes thirty seconds. Scan the square, and say it however you feel it — the good, and the honest both. That one small thing keeps our little counter going.
